### INSTRUCTIONS

This assignment will take approximately 2 hours to complete.

First, review the following rules (including their situations): Rule 2.5 Change of Payers, Rule 3.6 Protective Equipment, Rule 4.1 Penalties (Situation 4 only), 4.2(c) Minor Penalties, 4.3(b) Bench Minor Penalties, Rule 4.7 Gross Misconducts, Rule 4.12(e) Delayed Penalties, Rule 4.13 Calling of Penalties, Rule 5.3 Linesmen (Situation 2 only), Rule 5.6 Official Scorer (Situation 1 only), Rule 9.2(i) Harassment of Officials, Rule 10.2 Face-offs, and Rule 10.17 Time of Game. Second, answer the questions quickly without referring to the Referee's Case Book. If you are unsure of an answer, type in your best guess. After you have completed all the questions review the references provided and check your answers. Amend your answers as required. You will receive the official answer key 2 days from today. Please do not look at it until you have completed the exercise indicated above.

Include the "class" of penalty, the name of the infraction (or name of the rule under which the penalty is assessed) and relevant "fill-in" information (i.e., location of face-off, requirement for a substitute, requirement to make a report to the President, etc.) in your answer.

1. [Rule 2.5(g) and Situation 10] A line change is completed by both teams but before play resumes a time out is called. Immediately after the referee blows his whistle to indicate that the time out has expired the visiting team begins another line change. SRD.
2. [Section 3 – Measurement Guidelines] The visiting team officially and properly requests that you measure the width of the home team goaltender's pads. SRD if the pads are found to be legal.
3. [Rule 3.6(e) and Situation 11] The visiting team officially and properly requests that you check an opponent's protective equipment to ensure that it is certified. You discover that the helmet and facial protector of the player in question are both non-certified. SRD.
4. [Rule 3.6(f) and Situation 9] The visiting team officially and properly asks you to inspect an opponent's neck protector to ensure that it is BNQ certified. SRD. Be sure to consider both possibilities – certified and non-certified.
5. [Rule 3.6 Situation 20] A goal is scored by a visiting team player whose chinstrap is clearly undone. The home team protests. SRD.
6. [Rule 5.3 Situation 2 and Rule 4.7 Situation 3] A Linesman informs the Referee that he saw a team official spray the Timekeeper with water. SRD.
7. [Rule 4.1 Situation 4] The Timekeeper informs the Referee that he was just sprayed with water by a team official. SRD.
8. [Rule 4.13 Situation 10] The Referee signals a delayed penalty call while both teams are playing one player short due to a Minor penalty (which implies that the penalties being served are NOT coincidental). Before the offending team gains control of the puck, the non-offending team scores a goal. SRD. Specify

what happens if the penalty on delay calls for a Minor penalty. Also specify what happens if the penalty on delay calls for a Major and Game Misconduct penalty.

9. [Rule 4.2(c)] A player is assessed a Minor for roughing and a Match penalty for deliberate attempt to injure at the same stoppage of play. No penalties are incurred by the opposing team at this stoppage. Which time penalty is served first? SRD.
10. [Rule 4.12(e)] A3 is assessed a Major + Game Misconduct penalty for fighting and A7 is assessed a Minor for roughing at the same time. Note that both players are from the same team. Which penalty is to be recorded on the gamesheet first?
11. [Rule 5.6 Situation 1] During the intermission between the 2<sup>nd</sup> and 3<sup>rd</sup> period it is brought to your attention that a player from the Home team did not receive a Game Ejection after receiving his third stick penalty. SRD.
12. [Rule 4.3(b) & Rule 9.2(i)] Player A8 is serving a Bench Minor penalty assessed for too many players on the ice. While serving that penalty A8 is personally assessed a Bench Minor penalty for disrespectful gestures made towards the Referee. If these two Bench Minor penalties are the only ones in effect, who serves the second Bench Minor penalty and when does it start? What is the on-ice strength of Team A? SRD.
13. [Rule 10.17 Situation 1 Guideline 5] An encroachment violation results in the ejection of a team's centre from the face-off. The non-offending team then attempts to call the first time out of the game. SRD. What is the rationale for this call?
14. [Rule 10.2(c) & Situation 19] Opposing wingers begin jousting with their sticks as they line up for a face-off, resulting in coincidental Minor penalties for unsportsmanlike conduct. Therefore, one player from each team is needed on the ice to replace the penalized players. The Visiting team sends out one player and the Home team proceeds with a complete line change. SRD.
15. [Rule 10.2(c) & Situation 19] As players line up for a face-off a home team player cross-checks an opponent resulting in a Minor penalty. The Visiting team sends out one player and the Home team proceeds with a complete line change. SRD.
16. [Rule 10.2(g) and Situation 10] A defending player in his defending zone attempts to clear the puck out of the zone. In doing so the puck strikes a linesman positioned just outside the blue line, which results in the puck going out of bounds near centre ice. The linesmen are not sure where to conduct the face-off. SRD.
17. [Rule 10.2(f) and Situation 16] Play is stopped when Team A gains control of the puck 10 feet inside Team A's attacking zone and player A6 is assessed a Minor penalty. As the teams line up for a face-off at the closest neutral zone face-off spot, the Referee assesses B8 a Minor for unsportsmanlike conduct. The linesmen are not sure where to conduct the face-off. SRD.
18. [Rule 4.13(a)] When does the referee stop play when a player of the team that has possession (but not control) of the puck commits an infraction calling for a Minor penalty?
19. Present (in point form) as many of the 25 distinct situations that result in a Penalty Shot as possible during the next 15 minutes. Refer to the Referee Case Book as required. Note: Allot not more than 15 minutes to this task.
